RE: MENTHOL-RELEASE COMPOSITIONS
D&O-75-31/II PM 687 DIV

Dear George:

We propose Dr. William R. Johnson, Jr. as the signer of the declaration to be submitted with the response to the latest Official Action in this case. Enclosed is a resume which I believe gives the information you need. His major in the Ph.D. degree was in organic chemistry with a thesis in the area of polymer chemistry. As you see, he has been employed by Philip Morris for 15 years. The remainder of the resume not enclosed lists a further 12 publications, and some outside activities which do not seem pertinent. Let me know if you need more information.

The data should be in my hands tomorrow.

Very truly yours,

G. Esler Inskeep
